

32" ANDROID ADVERTISING DISPLAYS

Plug and Play

These displays have their own built in HD Android media player and require no additional hardware or software. Load your pictures and videos onto a USB stick, open the screen's locker door and insert the USB stick, this copies the files to the screen's internal memory. Once you remove the USB stick your pictures and videos will play in a continuous loop. It couldn't be simpler to get your content onto the screen.

24/7 Commercial Use

A commercial grade panel, with a lifespan of 50,000 hours, and high quality components ensure that this display can be in constant use 24/7. Tablet-like styling is achieved thanks to their tempered glass front and robust steel enclosure, framed in an unpainted aluminium surround, unlike cheap imitations.

Free Scheduling Software

To get the most out of the screen, advanced users can use our free scheduling software that allows you to display different content at certain times of the day. You can also set image duration and transition effects using this software.

Eco Friendly Power Timer

This allows for reduced power usage by automatically powering off in hours that the displays are not required. You can set daily, or weekly, On/Off times for your displays.

Free Wall Mount

A Wall mount is included with your screen at no extra cost, making sure you have a complete signage solution. Small sized screens come with a secure mounting plate that allows for landscape or vertical mounting. The larger size displays come with a free landscape wall mount but can also be mounted in portrait using a vertical wall mount.

LED Backlight Technology

The LED backlight built into these displays ensure improved brightness and contrast as well as drastically improving their lifespan and reducing their power consumption by around 30%. This form of light technology is mercury free; safeguarding this screen's eco friendliness.

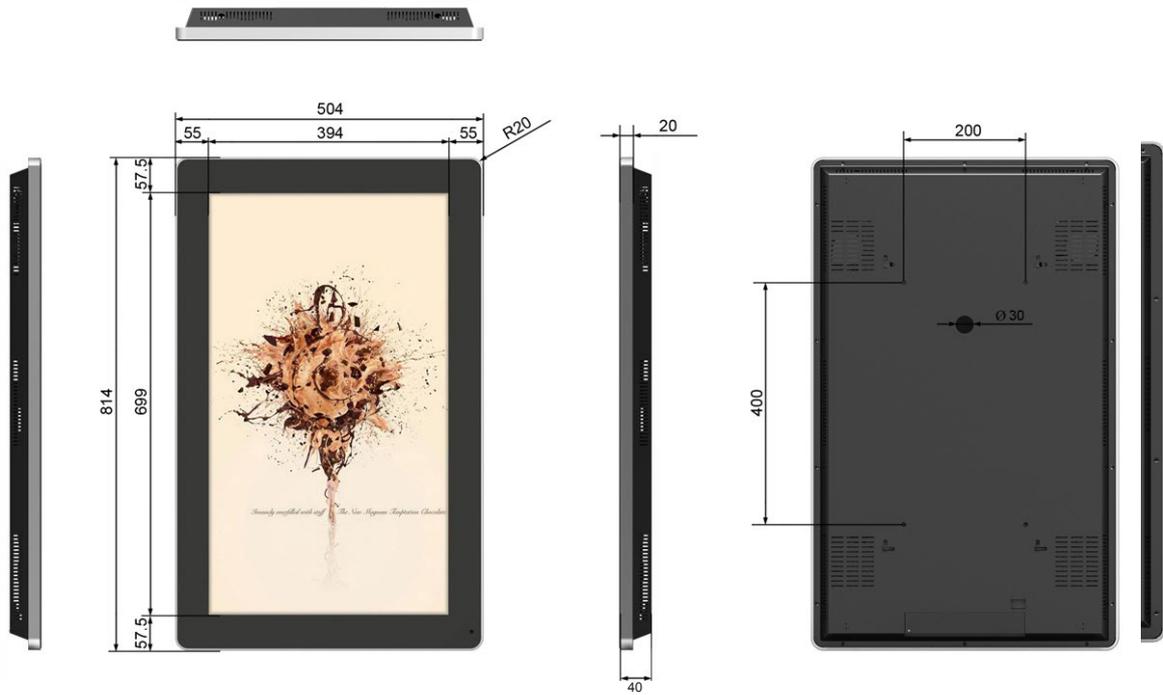

Android Media Player

With a built in Android media player, these screens are more easily updateable and faster than ever before. The Android PC board makes it easy to upgrade your screen to be networked and also allows you to run 3rd party Digital Signage software.

Audio/Visual Inputs

The screen is able to support audio and video inputs such as HDMI and VGA allowing you to use it as a monitor where required.

Technical Drawing

Specification

Panel	Display Size	32 Inch	
	Resolution	1366x768	
	Display Area (mm)	699x394	
	Aspect Ratio	16:9	
	Brightness (cd/m2)	500	
	Colour	16.7M	
	Viewing Angle	178°	
	Contrast Ratio	3000:1	
Audio	Speaker Type	5W, 8Ω (x2)	
AV Inputs	Video	HDMI, VGA	
	Audio	Audio Socket (3.5mm)	
Power	Power Consumption (W)	50	
	Input Voltage	AC110~240V (50Hz~60Hz)	
Mechanical	Unit Size (WxHxD mm)	814x504x40	
	VESA Holes (mm)	400x200	
	Package Size (WxHxD mm)	960x630x140	
	Net Weight (kg)	15.5	
	Gross Weight (kg)	19.8	
	Working Temperature	0 °C to 50 °C	
Feature	Internal Media Player	Media Formats	Video (MPG, AVI, MP4, RM, RMVB, TS), Audio (MP3, WMA), Image (JPG, GIF, BMP, PNG)
		Media Resolution	1920x1080/1080x1920
		Internal Memory	6GB
		CPU	Dual-Core Cortex-A9 @1.5GHz
		GPU	Mali-400 MP4 @600MHz
		RAM	1GB DDR3
		ROM	6GB NAND
		USB	USB2.0 HOST (x2)
		LAN	10/100M Ethernet (Network version screen only)
		Wi-Fi	802.11b/g/n (Network version screen only)
		OS	Android 4.2.2
		Graphic Engine	OpenGL ES 1.1/2.0, OpenVG 1.1
		Special	Images, Videos, Audio, Scrolling Text Message, On/Off Timer, On Screen Clock, Media Rotation
Accessories	Included	Wall Mount, Scheduling Software, Remote Control, Key, User Manual	
	Optional	Network Upgrade, Touch Screen Upgrade, Special Wall Mount, Floor Stand/Trolley, Ceiling Mount, Table Stand
